

WINTER COLLECTION

Winter Collection is an annual donation drive conducted every year by the senior executive members of the society. Every year in the month of December, during the winter vacation, the members approach their neighbours, relatives and friend circles to spread the word and collect the donation as a contribution from their side for supporting the good work.

This year, in the unprecedented pandemic situation, the event was organised in a totally online mode. Even in these tough times, the members put their best efforts and managed to raise an amount of INR 1,13,162.

The raised amount is supposed to be used for the purpose of general administrative expenses of the society. The event was a success, considering the pandemic situation and constraints of the online mode.
