“Education is the most powerful weapon which you can use to change the world.”

–Nelson Mandela

## A Foreword

It is unfortunate that some people struggle hard to acquire even basic amenities while others over-enjoy these necessities. We believe that most of the times it's the ignorance of their capabilities that restricts their social and personal advancement.

We urge people to a better stance by providing them education, employment, insight to think high and improve standard of living by self-efforts rather than directly providing them money. With our initiatives like Jagriti Vidya Mandir, e-Samadhan, PRAYAS we focus not on helping people financially, but we are determined to provide them employment, education, insight to think high and improve standard of living by self-efforts.

Here is a summary of the activities that GYWS carried out in 2017-2018.

GYWS is thankful to all the kind donors for their generous support to our organisation and students who served GYWS with unparalleled dedication and helped us to make our efforts fruitful.

"Since its establishment in 2002, Gopali Youth Welfare Society has successfully launched and carried out several training and development activities in and around the Gopali. In the past we have established rural libraries providing vocational training to the people from underprivileged section of society beside carrying out several awareness generation programmes. We will strive to continue with this program while expanding our base. We have been helped in the endeavours by our advisory members and the local population. We express our gratitude to them and our well wishes."

## Words from the Advisory Committee

The future of our country is said to lay in the hands of the children. It is inspiring to see the members of Gopali Youth Welfare Society so determined in their goal of helping the children in Gopali village have a bright future by providing over 200 students with free education in their school Jagriti Vidya Mandir. Not restricting their attentions to only the young, Gopali Youth Welfare Society has also taken up numerous ventures such as e-Samadhan, and KGP Blood Connect in an attempt to spread social awareness to all. I whole heartedly wish them all the best and hope to see many more successful social initiatives.

Prof. Damodar Maity

Professor, Department of Civil Engineering, IIT Kharagpur

Gopali Youth Welfare Society firmly establishes a hope for better future where people and especially students inculcate a sense of social responsibility. It is very impressive endeavor made by the students of IIT Kharagpur by providing free of cost education to underprivileged children. While these students of Jagriti Vidya Mandir are the future of our country, these members of GYWS are venturing in laying out a path for the future of these students.

Prof. Adrijit Goswami

Professor, Department of Mathematics,  
Chariman, JEE, IIT Kharagpur

Gopali Youth Welfare Society is doing a great job of providing free education to the under privileged students. Their venture is not only limited to the child education. They are trying to spread social awareness and education among the village women as well. It has involved IIT Kharagpur students for these novel social causes. Being a part of IIT Kharagpur, I feel proud of these students who are putting lots of effort in spite of their busy academic schedule. I wish all the best to the whole group and hope to see many successful students coming out of their school.

Prof. Sasmita Mohakud

Inspire Faculty, Department of Physics, IIT Kharagpur

When I first met the group of Gopali Youth Welfare Society, I was amazed to see their enthusiasm in taking part in various social initiatives, especially in spreading free education among village children. I see two benefits of this system. It raises the educational standard of one locality. But the major social impact comes from the involvement of the bright students of IIT Kharagpur in this social venture. These students from various parts of India are getting first-hand experience in such social activities and they are potentially able to spread the awareness and activities nationwide. I hope, many more people will be inspired by their enthusiasm.

Dr. Sudipta Datta

Assistant Professor, Department of Physics,  
IISER Tirupati

In a world where most people are struggling to find time even for themselves, these students of GYWS have put precious time and effort into making Jagriti Vidya Mandir an unimaginable success! It is refreshing to see such high spirits and concern for the betterment of the society amongst today's youth. I wish them success in all their future endeavours.

Prof. Sudipto Chakraborty

Professor, Chemical Engineering,  
IIT Kharagpur

The annual report is an important document for the members to look back and assess the journey. GYWS has faced several hurdles and overcome all the odds and has flourished into a successful organization aimed at bringing social awareness and helping to improve social conditions wherever possible. Jagriti Vidya Mandir, an English medium school that provides over 200 children with free education, is an incredible achievement for students who have to manage their time between academics and social work. GYWS should move forward with its journey and continue to inspire and educate others.

Prof. D.K. Maiti

Professor, Aerospace Engineering, IIT Kharagpur

Running a school is no small task. It is only possible due to the hard work and determination showed by the members of GYWS in striving to maintain Jagriti Vidya Mandir. The students of IIT KGP should feel proud of all of their success in providing each child the privilege of good education. GYWS has also shown incredible creativity and motivation in their attempt to rectify as many social problems as possible through various schemes such as Paperkraft and e-Samadhan.

Prof. Amit Patra  
Professor, Electrical Engineering,  
IIT Kharagpur

GYWS initiatives this year have been very commendable. I would specifically laud the pilots carried out on horticulture. Initial efforts for formation of local FPOs are also in the right direction. For any sustainable initiative, such FPO's would be conducive in providing the essential support structure and team work. Coordinated effort is needed on different fronts like: Developing agronomy based guidelines and expert advisory network for farmers for high value horticulture crops and Use of technology for crop management, education, information and consultancy for farmers needs to be identified and deployed for higher effectiveness and thus an overall support to farmers. I would wish great success to the GYWS team in their future endeavors.

Prof. Mrigank Sharad  
Professor, Electronics and Electrical Engineering, IIT Kharagpur

Equal education to every child is highly essential in dreaming a developed nation in all fronts. The Gopali Youth Welfare Society (GYWS) with involvement of our students not only provides an excellent learning environment for the needy children, but also inculcate the spirit of unity, service to nation, kindness, humanity, etc among the talented youth and this is the need of today to see our country developed and glorified in the world. I appreciate the activities of our students through GYWS and wish every success in their endeavor.

Prof. Dillip Swain  
Professor, Agriculture and Food Engineering,  
IIT Kharagpur

"Atmana Mokhsartham Jagat Hitayacha"... The words from Swami Vivekanda inspires us in every initiative and action. We are tirelessly fostering the message that- we cannot reach to our goals without caring others. Today it seems very unknown and forgotten statement in the society full of hatreds and individualism. We have taken up this challenge to ensure equity and equality to the future society. We are also engaging us in defining and determining tomorrow with technology advancement and appropriation. We dream to live in a society building a sustainable earth with equitable opportunities.

I am happy to be associated with GYWS.

Dr. Bhaskar Bhowmick

Professor, Rajendra Mishra School of Engineering Entrepreneurship,  
IIT Kharagpur

I personally believe is that we all are working (either employed or self-employed) for ourselves and ourselves alone. But when we move out of this sphere of narrow selfish thinking and try to earn goodwill plus blessings instead of a mere salary or wealth, we become more than what we are actually capable of. We move into the outer ring of service to society or Community Building - of those who don't have what we have. Whenever, we reach out to the downtrodden, or deprived (in whatever sense) or the illiterate, or anyone in any sense lesser than us, we not only enable them, **we**, in fact, live move from being mere human beings to becoming Divine Human Beings. For in the service of the others lies the Service or Devotion to the Divine.

Since 2002, Gopali Youth Welfare Society (GYWS) has been a noble initiative of the students of IIT Kharagpur to give back to society what they have already earned. Being students of the oldest IIT, Volunteers from IIT Kharagpur (at UG, PG, PhD levels) have proved the old truth time and time again in whichever welfare program they have undertaken since 2002 - whether it be EaCH, Prayas or the Agricultural project now blossoming at their Prime spot - the Jagriti Vidya Mandir, Salua. I wish the Selfless Volunteers of the GYWS, the very best in all their noble ventures and am confident that in one way or the other, they will always remain Blessed for each and every action which brings them closer to the lowest rungs of society.

Prof. Seema Singh

Professor, Department of Humanities and Social Science, IIT Kharagpur

"The fact that a group of students of IIT Kharagpur run a fully-fledged NGO leaves me filled with immense pride. As an advisory committee member of GYWS and having closely observed all their activities, I can personally speak of the hard work they put in and the level of commitment they show. They are breaking the trends which see IITians aiming at bagging high salary jobs as soon as they enter the campus. These people are contributing back to the society and their contribution is making a difference."

Prof. N R Mandal

Ex-Professor, Ocean Engineering and Naval Architecture,  
Ex-Dean SA, IIT Kharagpur

Society is purely the extension of ourselves. Though we stepped in 21<sup>st</sup> century there are still several bleak aspects remain in our society especially in the developing countries like India. Illiteracy, poverty, lack of health consciousness, lack of social consciousness, lack of worldly knowledge are major among them. We, the so called well to do class of these countries should feel for the down trodden. It's our moral duty to uplift the suppressed from the bleakness they are living in.

Out of these sacred some of the educated youth grouped together to do something in the field and GOPALI YOUTH WELFARE SOCIETY came into being.

We have strong faith in ourselves and we have the determination that our assembled force will lead us all through the path of the purest desire, we want to do. In our way forward, we need the extended hands of everyone who belong to our society along with the assembled force us, we not only enable them, we, in fact, live move from being mere human beings to becoming Divine Human Beings. For in the service of the others lies the Service or Devotion to the Divine.

Prof. H R Tiwari

Ex-Professor, Department of Humanities and Social Science, IIT Kharagpur

## Journey So Far

Since very young age, Mr. Mrinal Kanti Bhanja, founder of Gopali Youth Welfare Society was remarkably enthusiastic to serve the society. It was his vision that has shaped Gopali Youth Welfare Society in the form we see today.

Gopali Youth Welfare Society was founded in 2002 and got registered under the West Bengal Societies Registration Act, 1961 in the year 2004. What started as a vision with a few enthusiastic students willing to bring a change has now flourished into a well-recognized organisation today which has changed the way of life of many.

Throughout its journey, GYWS has received support from the professors of IIT Kharagpur, including Prof. Damodar Maity, Prof. Adrijit Goswami, Prof. Sasmita Mahakud, Dr. Sudipta Dutta, Prof. Sudipto Chakrabarty, Prof. D. K. Maiti and Prof. Amit Patra who guided us throughout the journey as the advisory committee. New advisory

committee members include Prof. Mrigank Sharad, Prof. Seema Singh, Prof. Dillip Swain and Dr Bhaskar Bhowmick. GYWS presently runs under the able guidance of Mr. Mrinal Kanti Bhanja as President.

GYWS has undertaken several initiatives such as KGP BloodConnect, tree plantation drive, e-Samadhan, Prayas, Helping Hands and Jagriti Vidya Mandir. In recognition of its activities, GYWS has received a lot of support from many sources such as various NGOs like Nehru Yuva Kendra, Red Cross, BAM India as well as 3 Bengal Tech Air Squadron NCC. We have also received constant support from students of IIT Kharagpur and the professors here as well as student run organisations within the institute.

The prime initiative of Gopali Youth Welfare Society is Jagriti Vidya Mandir, an English medium primary school situated in the village Tangasol providing free of cost education to around 230 children from financially poor background.

What started as a small venture held in a rented classroom at I.M. High School is now a successful primary school situated on its own 2 acres of land in Salua, consisting of 4 complete

units, comprising of 8 classrooms. All of this progress could not have been possible without the help of the IIT students, the professors of IIT Kharagpur in helping with the construction process and TIARA Foundation.

Though JVM remains this society's major initiative, it has conducted many other undertakings and welfare schemes as well. Welfare schemes of GYWS cover a wide range of issues including free education, social awareness campaigns, vocational training, child labour issues, health camps and women empowerment.

The present scenario is quite incredible with a vast number of members, ranging over UG students, PG students, research scholars, alumni and support from professors, individual donors and various industries.

The organisation currently operates in Kharagpur and Kolkata and we hope it will expand to more cities in the future for the betterment of the society.

Under the initiative Light, the expansion program of GYWS, undergraduate members have aimed at forming a PAN India network of socially motivated students. LIGHT works on its 8 listed objectives-L8 which are Quality Education, Women Empowerment, Healthcare Awareness, Save Environment, Youth Upliftment, Social Awareness, Food for all, Collaboration to succeed through teams formed in various colleges across India, integrating all the ideas, experience and efforts of different minds across the nation under the lead of the centre at IIT Kharagpur and hence delivering optimum results due to participation of all.

## IIT Kharagpur Chapter

The IIT Kharagpur Chapter is primarily managed by the IIT Kharagpur members under the guidance of some professors. This group is responsible for the undertaking of any projects initiated by Gopali Youth Welfare Society, maintaining relations with the IIT professors, spreading the word in and around the campus, fundraising and maintaining financial accounts.

The IIT Kharagpur chapter primarily works in and around the village Gopali, chiefly concerned with smooth operation and development of Jagriti Vidya Mandir, an English Medium school run by GYWS for providing free of cost education to underprivileged children. Many other initiatives are undertaken by the team such as KGP BloodConnect, e-Samadhan, medical camps and various awareness and training workshops.

Promotion of GYWS in various extension programs in colleges throughout India is done by these members. IIT Kharagpur chapter also maintains the website and releases GYWS Annual report and Audit report.

## Jagriti Vidya Mandir

Marking illiteracy as its prime concern, GYWS embarked on an education program in April 2008: Jagriti Vidya Mandir, an English Medium primary school. It's main motto is "To educate each and every child for a better tomorrow". GYWS is focused upon providing quality education aimed at educating the children, imbibing the true ideals of humanity in them and thus enlightening the future generation paving the way to a prosperous tomorrow built on a strong today.

Jagriti Vidya Mandir is an English Medium School which aims to provide quality education to underprivileged children absolutely free of cost. ### KGP Blood Connect

KGP Blood Connect is a social initiative to help those truly in dire need of blood as efficiently as possible.

The principle of this initiative is to create a database of all the willing donors in the vicinity, containing all pertinent details such as age, gender, blood group and any health issues. These donors were expected to give their contact details and be ready to come and donate blood at a short notice. Our hope was that through this method the people within as well as outside the campus would never be in a shortage of blood should they ever need it desperately.

## JVM School Construction

Journey which started in the year 2008 is nearing a milestone. In 2008, GYWS took up the cause of educating underprivileged children in and around village Gopali. Despite the increasing no. of schools in the area, these kids didn't have access to education because all the schools run in nearby areas have very high fee which poor families can hardly bear. So, GYWS decided to provide free primary education to these kids. Thus, Jagriti Vidya Mandir came into existence. With a humble beginning with 34 kids and a single rented room at I.M. High school, today JVM has over 200 students, classes up to 5 and 10 full time faculties.

With every year, Student strength increased and space available at I.M. high school was no longer sufficient. Also, JVM ran in the building of I.M. High school from 7:00 AM – 10:00 AM. Three hour duration is not sufficient to cover syllabus of higher classes. Also, students missed out having due focus on extracurricular activities due to constrained school hours.

To solve these issues, JVM's own campus was planned in 2011. With the generous support of Tiara Foundation, New Delhi, GYWS was able to purchase 2 acre land in village Gopali in 2012.

Construction of building commenced in 2013 with donations from IIT Kharagpur students. Currently 4 units have already been completed (out of which 1 unit was commenced by Prof. Damodar Maity). All units were divided into two rooms. Also, all rooms have been electrified. Fans, Lights have been installed. Water tanks has been constructed. Trees have been cut. Now, since there are 8 classrooms, entire school is run in single shift.

Also, Prof. Damodar Maity of Civil Department, IIT Kharagpur constructed a small house under 'low cost alternative rural housing project' on JVM

land. This house is already under use by labours and GYWS night guards at the JVM construction site.

Last year 4<sup>th</sup> unit of JVM had also been painted (3 of these units were painted before start of this session). All the units of Jagriti Vidya Mandir had been painted with combined efforts of GYWS and Spectra. Members of both the societies beautifully sketched and then painted the entire front wall of the newly built unit after 10 hours of effort. Last year, fencing of the school campus was done along with construction of entrance gate.

This year painting of the fence and electrification work was undertaken. Under the electrification work, new lights and fans have been installed, existing have been repaired and a complete electricity supply has been set up.

## Upgradation of School Library

Innovate to Teach & Teachers' Training Teams and School Teachers are involved in enlisting story books which will attract children and results in their reading, listening and speaking skills. Further plan is to conduct storytelling sessions, basic drama performance in the classes and reading such story books.

## Future Plans

We seek to take Jagriti Vidya Mandir to beyond its current primary level to complete school cum hostel catering to the needs of over 500 students. The facility will not only provide education up to 12<sup>th</sup> grade, but will also take responsibility of ensuring that its students settle in their professional or educational lives before they leave.

## Perception About Us

As the IIT Kharagpur batch of 2018 is graduating, our eminent seniors in IIT Kharagpur and representatives of various student associations within the campus share their experience with GYWS. Our seniors have always been a source of inspiration and a motivational figure for us. It is due to their sincere hard work and exuberant leadership that society has excelled in the past years. We are thankful to all the students of IIT Kharagpur for their benevolent support and wish them all the luck in their future endeavors. Our best wishes to the passing out students.

## PERCEPTION ABOUT US

“The poorest Indian who goes to buy a cake of soap pays for the education of an IITian.” It is therefore only right and befitting that IIT Kharagpur gives back to the society in any way possible.

Thus, it is great to see Gopali Youth Welfare Society do its bit to contribute positively by running the Jagriti Vidya Mandir and taking numerous initiatives aimed at holistic development of underprivileged children in and around the campus.

During my 4 years at Spring Fest, I have had numerous occasions to work alongside the Gopali Youth Welfare Society and it has always been an extremely rewarding experience getting to see those little kids genuinely happy and content. I wish GYWS the very best of luck in all of their future endeavours. May they be the reason more people get to smile more often!

“ For me, I always feel sad that I could not be a part of a NGO in my KGP life. I had been in hall, insti level POR's and also in societies. But I really miss joining a NGO like GYWS, where I believe that I could have gained more empathy and also a more caring/ serving attitude to the human kind. The activities of GYWS are actually cool like the annual day, the school etc. and they do have a lot of social impact. But what I feel for GYWS is they should work more on achieving a wider visibility, and also work towards mass sensitization of youth towards service towards underprivileged. For this they can take up the agenda of "Free Mid Day meal" at Gopali. Suppose there are 200 students in the school and it takes around 25/- to feed a kid for a mid day meal, then to run free mid day meal in a 10 month academic year, it takes merely 96/- of contribution from each and every student of IIT KGP (12.5k fraternity) per year that is 48/- per sem. It just needs the people of GYWS to negotiate with Halls, HMC and get it done. The second thing that comes to my mind is, there is a plenty of opportunity to get free stationary (books ) for children from IIT KGP. The way is, we all write mid's and end semester exams, and what is done to the copies after results are freezed ? They go into scrap or something. So it would be great if people of GYWS come forward to separate out the empty sheets of scripts and get them bind in central library binding press for "free" and distribute it to the children.

By my above statements I am not demeaning their current work, but I would like to see these rock stars in greater heights tomorrow. So once again GYWS must shift their focus partially from mere fund raising to a comprehensive sensitization strategy which will involve entire KGP community for the benefit of underprivileged children.

“ The first thing which a fresher looks at on his first day at IIT Kharagpur is the iconic Main Building and the words "Dedicated to the service of the Nation". Here at IIT Kharagpur, we are not only motivated to give back to the society but also to actively help the underprivileged.

One of the best social welfare groups of Kharagpur that comes to my mind is Gopali Youth Welfare Society. A nation's progress depends on the progress of its weakest links and GYWS falls no short of trying to achieve their vision. GYWS team has worked out some really innovative programmes and events like 'Aashayien' which brings out the unseen personality and the hidden skills of the underprivileged individuals. Their efforts towards education and rural upliftment are extraordinary. I myself have the first-hand experience of doing social work through my associations with Paridhi, CRY, and NSS. I personally know how hard it is to sustain a welfare group with limited financial help while keeping the team motivated. I feel proud, happy and astonished that GYWS team has some amazing individuals who are hell-bent on uplifting the society and helping the underprivileged.

Even today I feel proud when I wear GYWS tee-shirt which I had bought in my first-year through one of their charity events. I really appreciate GYWS mission of empowering the future of India through the transformative steps which will make a big difference in the lives of people. I wish GYWS keeps inspiring others through their work and I also encourage more and more people to join their valiant effort to bring the change in the society.

## PERCEPTION ABOUT US

“The true essence of humankind is to care more than just for ourselves. We learn, lean in and share. That's how the society functions. Since my teenage days, I wanted to do something for the underprivileged, but I thought I would do that once I have enough resources and money to do that. After coming to KGP, knowing about Gopali Youth Welfare Society, I learnt how supporting the society can be done at any age and with minimum resources. I was surprised to see the number of efforts GYWS puts in to brighten the lives of the young kids. GYWS is one of the sweetest initiatives at KGP, embodying the true spirit of "dedicated to the service of the nation". I heartily congratulate GYWS for doing an amazing job not only in educating the kids but also in inspiring the fellow KGPI-ans to contribute to the society.

“I have been aware of the activities of GYWS since my first year as one of my friends is an active member of the society. I really appreciate the initiative of the students by forming a society like GYWS which is contributing to the society and helping the underprivileged children. Its really commendable that students are putting such efforts even after having busy academic schedule. It's amazing to see how our little efforts can bring happiness in their lives. I really I hope they continue bringing joy and opportunities to the lives of these less-privileged children and increase its scope in the future.

“ IIT KGP provides the student community with state of art infrastructure and facilities. When I think of our endeavors to provide back, GYWS comes to my mind. It is the sole student organization dedicated to delivering back to society in Kharagpur area.

It was my privilege to get associated with it in my initial days in KGP. As a part of GYWS, NCC collaboration we planted a boundary of saplings for the school at Gopali. Over the period of my stay here, it was enthralling to see how GYWS has been effortlessly working towards enlightening young lives, whether it be painting the school or providing a platform for its students to showcase their talent. GYWS has been engaged in a noble cause and I believe its reward is the priceless smile on faces of these bundles of joy. Cheers to the team for acting on the fact that charity begins at home and I request to fellow students to contribute to it in all capability.

“ There is no better joy of giving back to society than to foster the underprivileged and penurious kids. GYWS is one organization on campus trying to achieve what every one of us desires to achieve on a bigger scale, 'Giving Back to the society'. We had the privilege of getting our rights to be educated but not everyone in our country shares that right and GYWS is trying their level best by extending that right with the limitations they have. Being thoroughly conversant of their regular efforts, I have no doubt whatsoever that GYWS is indeed creating indelible marks of positivity and hope on the lives of hundreds, if not thousands, of humbly privileged people around the campus. # IITians run school to bridge social divide

Ajanta.Chakraborty  
@timesgroup.com

**Kolkata:** A short ride from the hallowed portals of IIT-Kharagpur, nestled in a grove of eucalyptus trees, is a quaint little school, pulsating with energy and cheer. At first glance, it would seem like just another primary school in this tribal region of West Midnapore. What's unique is that it is run by IIT students.

This is no corporate social responsibility activity — the IITians call it “emotional responsibility”.

Students of IIT-Kharagpur started Jagriti Vidya Mandir at Tangasol, about 5km from the institute, in 2008. Even today, reaching this English-medium school is an uphill task — quite literally. Our car lurches and groans up the unmotorable ruccha road. Every day, IITians

**IGNITING YOUNG MINDS:** An IITian teaches students at Jagriti Vidya Mandir, situated five km from the Kharagpur campus

take turns to cycle up this same dirt track to pave the future of some 185 underprivileged kids.

The classrooms have been painted in vibrant themes by the IITians themselves, who lug

along their laptops to give computer lessons — and sometimes let the kids go wild with Microsoft Paintbrush. Class are often held in the open air in the beautiful eucalyptus grove. “IIT-Kgp

was founded in 1951 but it remained oblivious to the underdevelopment that surrounds the campus. Some of our seniors realized this and set up Jagriti Vidya Mandir in 2008,” said Vibhu Kumar, a geology and geophysics student. “Life within the walls of IIT is comfortable, the world outside is a stark contrast. It is this contrast that motivates us.”

► Social worker's idea, P 4

Today, the school has moved to a permanent 2-acre campus. The four classrooms and a guard's quarters have been funded from Yogdaan, a donation drive organised by IITians and the Tiara Charitable Foundation. The guard's quarter is, in fact, a low-cost experiment by civil engineering students, who used bamboo instead of steel. The classroom walls have been painted by Spectra, the IIT-

Kgp Arts Society. “We even did the land survey ourselves,” said physics student Dhammapa Avhad. “The school is our baby. We even arrange for transport (jeeps) to fetch the children,” gushed Harshita Chaudhary, one of the 25 IITians who form the school review committee. The 19-year-old from Bihar's S mastipur said: “All my life, have been a bookworm striving to crack IIT. Now I want some these children to grow up a crack IIT.”

The school caters to all the needs — food, uniform, books, stationary, school bags — though the “educate a child” scheme where donors fund a child's education. Several IIT professors and alumni have. “We follow low CBSE syllabus and intend to apply for affiliation so that the school can be elevated to PL level,” said Arbind Kumar, review committee member

# बुद्धिमान लोगों को हमेशा भौतिकवादी होने की जरूरत नहीं

**मैनेजमेंट फंडा**  
एन. रघुरामन

**पहली कहानी :** नवी मुंबई की अलीबाई पारदी को कई लोगों ने चेताया कि वे अपनी जमीन एसआईईएस कॉलेज के बच्चों के लिए न दें। क्योंकि हो सकता है, ये लोग जमीन का दुरुपयोग करने लगें। लेकिन अलीबाई ने इस चेतावनी को नजरंदाज कर दिया। करजत से करीब 18 किलोमीटर की दूरी पर कवाटेवाड़ी गांव में उनकी जमीन है। गांव की आबादी भी ज्यादा नहीं है। यही कोई 550 मकान हैं। और ज्यादातर लोग डोंगर-कोली आदिवासी समुदाय के। आदिवासियों की जमीन की खरीद-फरोख्त सहज नहीं होती। लेकिन कॉलेज के लोगों ने अलीबाई को यकीन दिलाया कि वे जमीन का दुरुपयोग नहीं करेंगे। अलीबाई भी अपने गांव में विकास चाहती थीं। इसलिए उन्होंने अपनी जमीन देने में कोई झिझक नहीं दिखाई। यह 2013 की बात है। तब से वहां एसआईईएस कॉलेज के बच्चों और शिक्षकों ने गांव वालों की बेहतरी के लिए काम करना शुरू कर दिया। आज हालत ये है कि गांव में 2,000 वर्गफीट का कम्युनिटी हॉल है। ईंटों से बने 32 मकान हैं। तीन टॉयलेट ब्लॉक्स हैं। इनमें 17 टॉयलेट हैं। छह बोरवैल हैं। गांव का कचरा और गोबर वगैरह डम्प करने के लिए कम्पोस्ट पिट है। वहां से जैविक खाद बनती है। पहले एक टूटा-फूटा स्कूल था, जिसकी हालत अब काफी बेहतर की जा चुकी है। यानी पूरा कायाकल्प। कॉलेज के बायोकेमिस्ट्री के स्टूडेंट्स ने यहां ऐसी खाद बनाना शुरू की जो जमीन के लिए मुफीद हो। बॉटनी के स्टूडेंट्स ने ऐसे पौधे लगाए जो पानी कम लेते हों। लेकिन ज्यादा फायदा देते हों। केमिस्ट्री और माइक्रोबायोलॉजी के स्टूडेंट्स ने वाटर ट्रीटमेंट प्लांट लगाया। साथ ही गांव वालों को सिखाया कि कुआं का पानी कैसे साफ रखा जा सकता है। कॉलेज के एनसीसी कैडेट्स ने गांव में नालियां बनाईं। स्कूल के बच्चों ने भी हाथ बढ़ाया। उन्होंने गांव वालों को बेसिक अंग्रेजी पढ़ना-लिखना सिखाया। अब ये बच्चे मिलकर गांव में रेनवाटर हार्वेस्टिंग पर काम कर रहे हैं। अगले साल तक यह तैयार हो जाएगा।

पारदी ने जो सपना देखा था। जिस यकीन से उन्होंने जमीन दान की थी। वह यकीन, वह सपना, साकार हो रहा है। उनका गांव आत्मनिर्भरता और तरक्की की तरफ कदम बढ़ा चुका है। दूसरी कहानी : पश्चिम बंगाल के पश्चिमी मिदनापुर जिले में एक जगह है, तांगासोल। आईआईटी खड़गपुर से यही कोई पांच किलोमीटर की दूरी पर। इस गांव में यूकेलिप्टस के पेड़ों से घिरी खूबसूरत सी जगह पर एक स्कूल है। पक्षियों के साथ यहां बच्चों की चहचहाहट भी बदस्तूर गूंजती रहती है। पहली नजर में यह स्कूल सामान्य सा लगता है। लेकिन वास्तव में यह सामान्य है नहीं। क्योंकि इसे किसी

सरकार या कंपनी ने नहीं खोला है। बल्कि आईआईटी खड़गपुर के बच्चे इसे चला रहे हैं। यानी यह कोई कॉरपोरेट सोशल रिस्पॉन्सिबिलिटी न होकर बड़े बच्चों की छोटे बच्चों के लिए इमोशनल रिस्पॉन्सिबिलिटी है।

आईआईटी खड़गपुर के बच्चों ने 2008 में जागृति विद्या मंदिर शुरू किया था। सच कहें तो इस स्कूल तक पहुंचना आज भी खासा मुश्किल है। पर आईआईटी के स्टूडेंट रोज साइकिल से यहां तक आते हैं। और स्कूल में आने वाले करीब 185र गरीब और बेसहारा बच्चों को पढ़ाते हैं। इंग्लिश मीडियम में। स्कूल की कक्षाओं की दीवारों पर शानदार पेंटिंग नजर आती है। और वह भी आईआईटी के बच्चों ने ही की है। वे छोटे बच्चों को भी पेंटिंग करना और रंगों से खेलना सिखाते हैं। लेकिन दीवारों पर नहीं बल्कि अपने लैपटॉप पर। पेंटब्रश के जरिए। बच्चे भी दीवानों की तरह घंटों उनके कंप्यूटरों से खेलते रहते हैं। आईआईटी के स्टूडेंट्स ने योगदान के नाम से एक फंड कलेक्शन ड्राइव चलाई थी। इसके जरिए जो पैसा मिला उससे इस स्कूल की स्थायी बिल्डिंग बनकर तैयार हो चुकी है। चार क्लासरूम हैं। दो एकड़ जमीन पर स्कूल कैम्पस है। गार्ड रूम अलग से है। इस कवायद में आईआईटी के बच्चों की मदद तियारा चैरिटेबल फाउंडेशन भी कर रहा है। और आईआईटी की ओर से इस अभियान को लीड कर रही हैं, हर्षिता चौधरी। सिर्फ 19 साल की हैं। लेकिन इरादे बड़े। समस्तीपुर, बिहार की रहने वाली हैं। उनके साथ 25 आईआईटीयन्स हैं। इन सबकी इच्छा है कि उनके स्कूल के बच्चे एक दिन आईआईटी ज्वाइन करें।

फंडा यह है कि...

Shaifali Goyal, first year undergraduate student at Indian Institute Of Technology, Kharagpur had written a message on her behalf of an NGO called Gopali Youth Welfare Society [GYWS] which is completely run by students of IIT Kharagpur. As it is with most of Bengali villages, condition of villages near the campus is really very bad in terms of employment, education, health and many other factors. That is why GYWS was formed in 2002. With their prime focus on education, the students are managing an English medium school in nearby village with beneficiaries of around 200 village children who are getting free education also they are provided with school uniform, notebooks and rest required materials. Just to clarify they don't go and teach them but they manage school including teacher's salary, staff salary, funding for the students uniform, notebooks and everything. They collect funds from industries to help this school grow. This is like a social initiative of the students with motivation of returning back something to the society around.
