“There is no greater joy nor greater reward than to make a fundamental difference in someone's life.”

- Mary Rose Mcgeady

A Foreword

It is unfortunate that some people struggle hard to acquire even basic amenities while others over-enjoy these necessities. We believe that most of the time it's the ignorance of their capabilities that restricts their social and personal advancement.

We urge people to take a better stance by providing them education, employment, insight to think high and improve standard of living by self-effort rather than directly providing them money. With our initiatives like Jagriti Vidya Mandir, LIGHT, PRAYAS we focus not on helping people financially, but we are determined to provide them employment, education, insight to think high and improve standard of living by self-effort.

Here is a summary of the activities that GYWS carried out in 2021-2022.

GYWS is thankful to all the kind donors for their generous support to our organisation and students who served GYWS with unparalleled dedication and helped us to make our efforts fruitful.

Words That Matter

From the Desk of Patron

“The society is fortunate to have some young Samaritans who have always committed themselves for the humanitarian cause of uplifting the condition of the poor and enlightening the future generation, let all of us join our hands together to make this endeavour, envisaged to help the needy aspire for a better future, become a success.”

Prof. Madhusudan Chakraborty

Former Director, IIT Bhubaneswar

From the Desk of President

“Gopali Youth Welfare Society (GYWS) was established with the objective of making people aware of problems faced by modern society. It also aims at helping people’s social, economic and cultural development and encouraging them to find solutions to their problems on the basis of locally available resources.”

Mr. Mrinal Kanti Bhanja

President, Gopali Youth Welfare Society

From the Desk of Ex-President

“Since its establishment in 2002, Gopali Youth Welfare Society has successfully launched and carried out several training and development activities in and around Gopali. In the past we have established rural libraries providing vocational training to the people from under-privileged sections of society besides carrying out several awareness generation programs. We will strive to continue with this program while expanding our base. We have been helped in the endeavours by our advisory members and the local population. We express our gratitude to them and our well wishes.”

Ms. Suparna Mondal

Former President, Gopali Youth Welfare Society

From Eminent Personality - 1

“Having attended some GYWS events, the determination of the students to make a change amazes me. This is worth applause that they have taken the initiative to work for the underprivileged. I feel privileged to have such students on campus who seek to give back to society. Hope to see GYWS as well as other students come forward with more such initiatives.”

Prof. Partha Pratim Chakraborty

Former Director, IIT Kharagpur

From Eminent Personality - 2

"I was happy to see the diverse activities being taken up by the Gopali Youth Welfare Society. The social commitment being continuously shown by the students and faculty of IIT Kharagpur to share knowledge and time with the inhabitants of Gopali and its surroundings is laudable. I was also impressed with the details of expenditure for the last few years which they have displayed on the website. I wish them all the best and send my good wishes."

Mr. Sailesh Gandhi (IIT Bombay, '63 batch)

Former Chief Information Commissioner,
Government of India.

From Eminent Personality - 3

"I would like to recognize GYWS at IIT Kharagpur at which I found out about when I visited PAN IIT GLOBAL CONFERENCE 2012 and what I said was about, you have got to establish a cause you would like to give back to and I'm extremely happy this organisation exists within IIT Kgp campus."

Mr. Roy Da Silva (IIT Kharagpur, '74 batch)

Former President, IIT foundation

Words From the Advisory Committee

“Gopali Youth Welfare Society firmly establishes a hope for a better future where people and especially students inculcate a sense of social responsibility. It is a very impressive endeavour made by the students of IIT Kharagpur by providing free of cost education to underprivileged children. While these students of Jagriti Vidya Mandir are the future of our country, these members of GYWS are venturing in laying out a path for the future of these students.”

Prof. Adrijit Goswami
Professor, Department of Mathematics, IIT
Kharagpur

“Running a school is no small task. It is only possible due to the hard work and determination shown by the members of GYWS in striving to maintain Jagriti Vidya Mandir. The students of IIT KGP should feel proud of all of their success in providing each child the privilege of good education. GYWS has also shown incredible creativity and motivation in their attempt to rectify as many social problems as possible through various schemes such as Paperkraft and e-Samadhan.”

Prof. Amit Patra
Professor, Electrical Engineering, IIT Kharagpur

"Atmano Mokshartham Jagat Hitayacha..
The words from Swami Vivekananda inspire us in every initiative and action. We are tirelessly fostering the message that- we cannot reach our goals without caring for others. Today it seems a very unknown and forgotten statement in a society full of hatred and individualism. We have taken up this challenge to ensure equity and equality to the future society. We are also engaging us in defining and determining tomorrow with technology advancement and appropriation. I am happy to be associated with GYWS."

Dr. Bhaskar Bhowmick
Professor, Rajendra Mishra School of Engineering Entrepreneurship,
IIT Kharagpur

"Gopali Youth Welfare Society (GYWS), run mainly by IIT Kharagpur students, is striving for betterment of children and surrounding people since its inception by not only helping them with food, clothing and shelter but also providing proper scientific education, guidance and care for children in the best way possible. I have seen the never-ending energy of its student volunteers for planning to implement their novel ideas for the improvement of livelihoods of the surrounding people. I am confident that student members of this society will be successful in showing way to others by their path breaking ideas."

Prof. Damodar Maity
Professor, Department of Civil Engineering, IIT Kharagpur

“I am really happy to learn that society is working towards the all-round development of youth and women in the locality though they started with the objective of providing free education to the underprivileged children. I am happy to learn that student’s bodies are taking several steps to make the system transparent from a financial point of view and following standard approval procedures for any new initiative or procurement. Finally, I express my heartfelt gratitude to the Executive Committee members, advisors and other team members of GYWS a great success in their endeavour in years to come”

Prof. D.K. Maiti
Professor, Aerospace Engineering, IIT
Kharagpur
Chief Advisor, GYWS

“Equal education to every child is highly essential in dreaming of a developed nation on all fronts. The Gopali Youth Welfare Society (GYWS) with involvement of our students not only provides an excellent learning environment for the needy children, but also inculcate the spirit of unity, service to nation, kindness, humanity, etc among the talented youth and this is the need of today to see our country developed and glorified in the world. I appreciate the activities of our students through GYWS and wish them every success in their endeavour.”

Prof. Dillip Swain
Professor, Agriculture and Food
Engineering, IIT Kharagpur

“Society is purely the extension of ourselves. Though we stepped into the 21st century there are still several bleak aspects remain in our society especially in the developing countries like India. Illiteracy, poverty, lack of health consciousness, lack of social consciousness, lack of worldly knowledge are major among them. We, the so-called well to do class of these countries should feel for the downtrodden. It’s our moral duty to uplift the suppressed from the bleakness they are living in.

Out of these sacred some of the educated youth grouped together to do something in the field and GYWS came into being.

We have strong faith in ourselves and we have the determination that our assembled force will lead us all through the path of the purest desire, we want to do. In our way forward, we need the extended hands of everyone who belongs to our society along with the assembled force . We not only enable them, we, in fact, live from being mere human beings to becoming Divine Human Beings. For in the service of the others lies the Service or Devotion to the Divine.”

Prof. H R Tiwari

Ex-Professor, Humanities and Social Science Department, IIT Kharagpur

“The fact that a group of students of IIT Kharagpur run a fully-fledged NGO leaves me filled with immense pride. As an advisory committee member of GYWS and having closely observed all their activities, I can personally speak of the hard work they put in and the level of commitment they show. They are breaking the trends which see IITians aiming at bagging high salary jobs as soon as they enter the campus. These people are contributing back to society and their contribution is making a difference. “

Prof. N R Mandal

Ex-Professor, Ocean Engineering and Naval
Architecture

Ex-Dean SA, IIT Kharagpur

“Gopali Youth Welfare Society is doing a great job of providing free education to the underprivileged students. Their venture is not only limited to child education. They are trying to spread social awareness and education among the village women as well. It has involved IIT Kharagpur students for these novel social causes. Being a part of IIT Kharagpur, I feel proud of these students who are putting lots of effort in spite of their busy academic schedule. I wish all the best to the whole group and hope to see many successful students coming out of their school.”

Prof. Sasmita Mohakud
Inspire Faculty, Department of Physics, IIT
Kharagpur

“When I first met the group of Gopali Youth Welfare Society, I was amazed to see their enthusiasm in taking part in various social initiatives, especially in spreading free education among village children. I see two benefits of this system. It raises the educational standard of one locality. But the major social impact comes from the involvement of the bright students of IIT Kharagpur in this social venture. These students from various parts of India are getting first-hand experience in such social activities and they are potentially able to spread the awareness and activities nationwide. I hope many more people will be inspired by their enthusiasm.”

Dr. Sudipta Datta
Assistant Professor, Department of Physics, IISER Tirupati

“In a world where most people are struggling to find time even for themselves, these students of GYWS have put precious time and effort into making Jagriti Vidya Mandir an unimaginable success! It is refreshing to see such high spirits and concern for the betterment of the society amongst today's youth. I wish them success in all their future endeavours.”

Prof. Sudipto Chakraborty
Professor, Chemical Engineering, IIT Kharagpur

About Us

Gopali Youth Welfare Society is a registered non-governmental organisation established in the year 2002 with the idea of giving back to the society. Registered under the West Bengal Societies Registration Act of 1961 in 2004, this NGO operates mainly in villages around Gopali near Kharagpur. The organisation has undertaken various activities in backward areas of Kolkata.

With the twin objectives of making the youth and society aware and of ensuring socio-economic welfare for underprivileged and weaker sections of the society, various projects are being successfully run by the society and have proven to be milestones in bringing the change. The society is trying to help women, children and aged people through basic sustainable guidance and management infrastructures. Projects like Child Rights protection and rehabilitation, LiGHT and PRAYAS are playing an important role in improving socio-economic grounds. KGP Blood Connect has marked the active presence of the organisation in grounds of medical awareness. Initiatives like PRAYAS and Social Cell are playing an important role in motivating the youth and providing them the opportunity to work for the society. The major initiative of the society is Jagriti Vidya Mandir (JVM), an English medium school providing free of cost education to children from weak financial backgrounds.

The society seeks to fulfil its objectives with the help of its executive body which is composed mainly of students of IIT Kharagpur who are dedicated to the service of the needy and deprived under the guidance of professors of IIT Kharagpur. The professors have constantly motivated and encouraged us to achieve our goal. The local members are the pillars of strength of our society. The local support which the society enjoys has seen it prosper and spread its branches and the organisation is now planning to expand its reach by setting up its new chapter in various other cities.

Vision

To develop an ecosystem for youth to provide them with skills, resources & motivation to achieve sustainable development goals.

Mission

To improve the social and economic condition in and around Kharagpur & Inspire and guide the youth to replicate our learnings across the nation.

Objectives

The society is a non-profit seeking organisation and shall:

1. Work for the overall welfare and all-round development of vulnerable sections of the society and promote sustainable development.
2. Provide education to all children by setting educational institutions and libraries.
3. Work for the rural upliftment by improving health related facilities, water supply, irrigation, agriculture, and cottage and village industries.
4. Facilitate the people to get the available assistance from the different departments of govt. and other welfare societies.
5. Help and assist the meritorious but needy students of all communities for continuing their studies and to assist the dropout school children by bringing them back to schooling.
6. Empower the youth by providing them with the required training, resources and a platform to lead initiatives to eradicate social problems.
7. Facilitate entrepreneurial activities by providing the locals with resources and strategy, to raise the standard of living and generate employment.
8. Empower the community through formation and nurturing of self-dependent groups in the communities and capacity development through vocational training.
9. Maintain records of all activities, publish reports and assess the impact.

Journey So Far

From a very young age, Mr. Mrinal Kanti Bhanja, founder of Gopali Youth Welfare Society was remarkably enthusiastic to serve the society. It was his vision that has shaped Gopali Youth Welfare Society in the form we see today.

Gopali Youth Welfare Society was founded in 2002 and got registered under the West Bengal Societies Registration Act, 1961 in the year 2004. What started as a vision with a few enthusiastic students willing to bring a change has now flourished into a well-recognized organisation today which has changed the way of life of many.

Throughout its journey, GYWS has received support from the professors of IIT Kharagpur, including Prof. Damodar Maity, Prof. Adrijit Goswami, Prof. Sasmita Mahakud, Dr. Sudipta Dutta, Prof. Sudipto Chakrabarty, Prof. D. K. Maiti and Prof. Amit Patra who guided us throughout the journey as the advisory committee. New advisory committee members include Seema Singh, Prof. Dillip Swain and Dr Bhaskar Bhowmick. GYWS presently runs under the able guidance of Mr. Mrinal Kanti Bhanja as President.

GYWS has undertaken several initiatives such as KGP BloodConnect, tree plantation drive, e-Samadhan, Prayas, Helping Hands and Jagriti Vidya Mandir. In recognition of its activities, GYWS has received a lot of support from many sources such as various NGOs like Nehru Yuva Kendra, Red Cross, BAM India as well as 3 Bengal Tech Air Squadron NCC. We have also received constant support from students of IIT Kharagpur and the professors here as well as student run organisations within the institute.

The prime initiative of Gopali Youth Welfare Society is Jagriti Vidya Mandir, an English medium primary school situated in the village Tangosol providing free of cost education to around 250 children from financially poor backgrounds.

What started as a small venture held in a rented classroom at I.M. High School is now a successful primary school situated on its own 2 acres of land in Salua, consisting of 4 complete units, comprising 8 classrooms. All of this progress could not have been possible without the help of the IIT

students, the professors of IIT Kharagpur in helping with the construction process and TIARA Foundation.

Though JVM remains this society's major initiative, it has conducted many other undertakings and welfare schemes as well. Welfare schemes of GYWS cover a wide range of issues including free education, social awareness campaigns, vocational training, child labour issues, health camps and women empowerment.

The present scenario is quite incredible with a vast number of members, ranging over UG students, PG students, research scholars, alumni and support from professors, individual donors and various industries. The organisation currently operates in Kharagpur and we are expanding our vision to other cities of India under the LiGHT Initiative.

Under the initiative LiGHT, the expansion program of GYWS, undergraduate members have aimed at forming a PAN India network of socially motivated students. LiGHT works on its 8 listed objectives-L8 which are Quality Education, Women Empowerment, Healthcare Awareness, Save Environment, Youth Upliftment, Social Awareness, Food for all, Collaboration to succeed through teams formed in various colleges across India, integrating all the ideas, experience and efforts of different minds across the nation under the lead of the centre at IIT Kharagpur and hence delivering optimum results due to participation of all.

New initiatives introduced this year include Aarohan, Innovative Education Council and Hostel Project for the students of JVM.

IIT Kharagpur Chapter

The IIT Kharagpur Chapter is primarily managed by the IIT Kharagpur members under the guidance of some professors. This group is responsible for the undertaking of any projects initiated by Gopali Youth Welfare Society, maintaining relations with the IIT professors, spreading the word in and around the campus, fundraising and maintaining financial accounts.

The IIT Kharagpur chapter primarily works in and around the village Gopali, chiefly concerned with smooth operation and development of Jagriti Vidya Mandir, an English Medium school run by GYWS for providing free of cost education to underprivileged children. Many other initiatives are undertaken by the team such as KGP BloodConnect, medical camps and various awareness and training workshops.

Promotion of GYWS in various extension programs in colleges throughout India is done by these members. IIT Kharagpur chapter also maintains the website and releases GYWS Annual report and Audit report.

Jagruti Vidya Mandir

Marking illiteracy as its prime concern, GYWS embarked on an education program in April 2008: Jagruti Vidya Mandir, an English Medium primary school. Its main motto is "To educate each and every child for a better tomorrow". GYWS is focused upon providing quality education aimed at educating the children, imbibing the true ideals of humanity in them and thus enlightening the future generation paving the way to a prosperous tomorrow built on a strong today.

Jagruti Vidya Mandir is an English Medium School which aims to provide quality education to underprivileged children absolutely free of cost. It is located in Tangosol village, 1.5 km from Salua Air Force Station which in turn is 5 km from IIT Kharagpur campus. The school is running in its full-fledged form from 15 April 2008. At present, classes up to 5th standard are running. Ten full time faculties give their services as tutors. Our target group is BPL (Below Poverty Line) students and dropouts. We provide

books, uniform free of cost to the BPL students and at a nominal fee for other students.

There are about 250 students enrolled in Jagruti Vidya Mandir from Nursery to Class 5. The school timings are 8 a.m. to 1:40 p.m. There are 10 teachers, with the teacher in charge being Mr. Ajoy Roi. The school also has 3 Aya and some helpers. After a student completes his class 5 from JVM, he is sent to

Hijli High School. The educational expenses of the kids are covered by Gopali Youth Welfare Society.

Earlier the school used to run on the rented campus of another school, Gopali I.M. High School from 7 a.m. to 10 a.m. Now, JVM aspires to be a residential full-fledged school for students of BPL families offering a variety of courses at +2 level, vocational training and career guidance.

GOPIO:

Collaboration with GOPIO:

Date: **15th June, 2021 - 30th July, 2021**

GLOBAL ORGANISATION OF PEOPLE OF INDIAN ORIGIN – FRANCE – PARIS GOPIO was fighting human rights violations of people of Indian origin. Although this has been improved in the last one decade, human rights violations continue to be a major issue for people of Indian origin living outside India. GOPIO has now set its priorities in pooling our resources, both financial and professional, for the benefit of PIOs, the countries they come from and India.

An organisation that GYWS had got in contact with through one of the heads has its base in France. In the light of the current situation, the organisation had offered to provide us with a donation in kind and helped the covid affected families get access to better food and groceries. It had made a note of the list of basic needs of the village and had provided basic essential supplies to around 77 covid affected families(300 food packets) in a span of 2 months.

Attached below are the details of the total cost incurred and the details of the food delivery:

Products	Quantity	Cost (per quantity)	Net Cost(in INR)
Rice	600	26.5	15900
Dal Masoor	120	83	9960
Mustard Oil	120	173	20760

Potato	140	13	1820
Onion	100	23	2300
Egg	630 Pcs	6	3780
		Total	65394

Output of the Program:

A total of over 1.3 Lakhs was raised with the help of 269 supporters to help the families from Gopali battle Covid-19 by supporting the Safe House with Medical and Safety kits. With a decrease in the number of active cases being registered daily, we analyzed the situation to help people with what is needed in the present situation and hence distributed personal protective equipments(5000 masks and sanitizers)and had also ordered 1000 syringe pieces for smooth running of covid vaccination program at Kharagpur-1 to the masses.

LiGHT

Leadership Statement

Dear Stakeholders,

The session of 2021-22 has been a major milestone in the history of LiGHT. We have taken several steps to build a more efficient team at headquarters. We also established well defined management systems to help achieve the vision of delivering skillset and similar social development capabilities to the youth throughout the nation which we at GYWS-IIT Kharagpur Chapter have developed in the past 15 years. This letter to the donors, beneficiaries and our members, will explain the improvements in the past 1 year which we have seen in LiGHT and present the promising future prospects as managers of this initiative.

Improvements in the Management from Headquarters

We have been able to enhance the quality of management from headquarters by bringing in more professional and standardized process improvements in terms of volunteer management and new social initiatives. Along with these improvements we indulged in research and development activities to understand the appropriate recruitment strategies, hierarchies, and expansion strategies which will help us in future.

We established well-thought 2-tier hierarchical systems at our centers, backed by a headquarter centric management model. We assigned GYWS IIT Kharagpur chapter-based center in-charge teams, to better manage the development of the centers. We alone at the headquarters increased our team size by 200%, and clocked more than 3000+ hours of volunteership service towards the development of this network.

Volunteer Strength & Centers Development

With a dedicated management team at the headquarters we were better equipped to build and execute our plans at the center level. We not only increased the quantity of centers in our network by more than 100%, but also worked on the quality of work which we do. We established active teams at our 9 centers with 150+ registered volunteers, which are college students like us, with a motivation to give back. Along with these quantifiable metrics, the enhanced motivation of the members present at these individual nodes of our network further strengthen our belief in the vision which we have put forward.

Social Activities

We realized that along with formation of teams, we also need to involve these people into well-designed social activities to help them learn by doing things on their own. We organized two nation-wide social activities in the field of education, one on training teachers for using a more student-centric approach towards teaching and second to inform the students of secondary school about various career paths available to make an informed decision regarding what they want to do in their lives. Through these programs we were able to impact 5000+ beneficiaries, at the ground level. Along with these we also

provided our center with the opportunity to perform their own social activities at the local level, and achieved promising outcomes through it.

Promising Future Prospects

This year has allowed us to test our multiple assumptions and hypotheses at the ground level. We have also made several mistakes along the way, which have made us more experienced, and equipped to achieve the vision which we have established of building a network of autonomous student run centers across the country. We not only have a more efficient and experienced team than last year, but also a more motivated one.

In the coming tenure we aim to deliver explicit skill-development opportunities to the youth who join our network with the help of educational workshops, followed by actual ground level initiatives to instill the social initiative design framework in them. We also aim to establish better team structures at our center, and bring in multiple new stakeholders like professor in-charges, social workers which can help us in improving the overall network quality. Along with these, we will also work towards delivering better and more far-fetched social initiatives in the coming tenure.

We also take this opportunity to thank all the volunteers, beneficiaries, other teams and donors to help us in this journey. We will work even harder this year to deliver more promising results and take a further step towards our vision, in the coming tenure.

LiGHT Center Stories

LiGHT Samvedna

As our motto goes, creating leaders who solve social problems with engineering skills and help to build a better future, so was our experience this tenure.

Just imposed with the lockdown due to the pandemic in April 2020, we found motivation and interest through the works carried out by LiGHT. From discussing uprising issues of concern, to brainstorming on them to find guided solutions, to working as a team and putting up a solid plan to curb them, we have done it all.

As the saying goes teamwork makes the DreamWorks and we at Samvedna definitely experienced this during the tough times. Dividing tasks accordingly among members coupled with active and enthusiastic participation from each of them paved the way for smooth functioning. Activities like report making, theme discussion, creating booklets, presentations to mention a few helped us master our technical, logical and grammatical skills.

We also learnt to work in a hierarchical system, which helped us in proper and smooth management. The entire tenure was smooth because we had cooperative coordinators from the LiGHT team who guided and pushed us through thick and thin.

Overall, it was an experience worth it. Leadership, teamwork, smart work, feeling of helping the ones in need and realising that our smallest of works can make some changes in the society are some of the key points this year has blessed us with.

LiGHT Palakkad

The LiGHT center at Palakkad started around a year ago and I have been part of it from the very beginning. The journey has been a roller coaster ride for me as the Center Coordinator. I feel that the CEO of LiGHT, Mr. Prerit Jain, and his team at LiGHT headquarters have played an essential role in defining the structure of LiGHT Palakkad. Mr. Aniruddh Solanki (SEM and Center Incharge of LiGHT Palakkad) along with all the CTMs, volunteers, and my counterpart Mr. Nishant Singh (Center Coordinator) has contributed a lot in laying the foundation of this center.

LiGHT headquarters keep everything documented and have proper SOPs for each task, event, and interview which made it very convenient for me and my team to execute any task given to us. We as a team have learned a lot from them and we are still part of the learning process.

At the end of the first year, the center has grown and currently has 2 CCs, 18 CTMs, and 7 volunteers. We have been part of many activities which evolved us over the period and have helped in developing essential skills. Working as the Center Coordinator of LiGHT Palakkad has helped me in improving my managing and communication skills while the

center has always motivated me for teamwork. Throughout my tenure, I have always tried to keep the members motivated and involved in the process and I hope that LiGHT Palakkad will soon become a self-sustainable student-run NGO.

LiGHT Gaya

"LiGHT Gaya", is one of the oldest and founding centres of the network of LiGHT. Let's start the journey of this centre with a famous quote by Majrooh Sultanpuri:

*" I set off alone towards my goal,
but people came along and it began to turn into a caravan! "*

These lines are a perfect poetic description of the actual proceedings of LiGHT Gaya. So, the show begins back in 2018 with a lonely character coming into the picture. Adarsh Priyadarshi, currently an alumni of our college, Gaya College of Engineering, was then a third year student pursuing undergraduate studies. At that time, it looked like he was as desperate to do something for the society and locals, as the LiGHT was to spread in every corner of the country. And here, both visionary ideas get aligned, and a sprout named LiGHT Gaya propped up in the sacred birthplace of Buddhism, a city of enlightenment named Gaya.

After continuous efforts, Adarsh managed to increase the number of serving volunteers from two to four to eight and so on... Now, we have a complete dedicated team of members aspiring to work for the upliftment of locals. It is a platform where we work as a team to help and encourage the people who belong to weaker sections of society. We always wanted to make some differences in the society by implementing our ideas to bring some changes in the lives of underprivileged people around us, in order to give them a better future. We are thankful to the LiGHT for providing us such a platform in our college, where an individual can serve society and parallelly learn new skills for personality development too.

As a human, our responsibility is to make the surrounding a better place to survive not only for us but for others too, and for the same, we as a team are putting our efforts to achieve sustainable development goals as specified by the United Nations.

Thus, we are delighted to be a part of such an organization that works to give society a better shape by providing the deterministic and enthusiastic youth of our nation a platform to tackle the difficulties of society.

LiGHT Wardha

LiGHT-Wardha was an opportunity that knocked on our door and we are overwhelmingly thankful to LiGHT for trusting us. The opportunity was better than complaining and dreaming about an ideal society. Initially, constant meetings helped us clear our doubts. Each initiative forced us to ponder about different parameters that act as hurdles during

its execution. While contacting teachers during the Teachers Workshop carried out under RISE, we understood the difficulties in convincing people, and finding out contacts itself required a lot of research and mutual contacts. Career Counselling Program, an initiative to make secondary and higher secondary students aware of their career options itself taught us the power of mutual contacts and being an interviewer rather than the normal as being the interviewee. Lastly, our independent initiative, #InvisibleCapesVisibleChange, which focussed on doing small acts taught us to work as a team and actually work on the entire process of an event right from creating its proposal to its execution. Supporting a noble cause and making a positive contribution to society is all that matters and as a center of LiGHT, we will always focus on learning new things on our way to make a better tomorrow."

LiGHT Chennai

Our neighbourhood was one of those places which was lacking in certain aspects like sanitation, education, etc. We needed a group of passionate volunteers, someone youthful and earnest to accept this huge opportunity. That's how LiGHT Chennai was formed by students of IIITDM Kancheepuram. So, we scoured through people to find the ones who are passionate and hard-working. It was the like-minded nature of the people which brought them together to form this amazing family ready for the aid of the ones in need. In the start we had a large team with quite motivated people, we visited orphanages and provided them food and carried out a women safety survey. Slowly the team became inactive and we were left with 7 members but we still did our best for RISE. We recruited more people as we were willing to create a bigger impact. As a 17 member team, regular internal meetings became necessary to get updates regarding the team management and motivation of all members. We gained experience in CCP by taking interviews of mentors, conducting meetings and managing students and mentors simultaneously. We started working on proposals and came up with new ideas after brainstorming independently. We prepared a timeline, action plan and assigned tasks. Through vigorous research, planning and with the help of all members we executed the event Queen Bees, webinar for WOMEN ENTREPRENEURSHIP, successfully with great participation.

LiGHT Raipur

Beginning from personal interviews to conducting event's like poster making and JAM. It's been a wonderful journey that begins with zero expectations to infinite experiences. Minutes written after every meeting reveals topics we discussed. We explored Google docs, Google sheets, Google slides, Google drive etc to our best means. Conducting events gave us a chance to pass our judgements on others which is the best experience.

Team division is something really interesting. This Light Raipur is a platform to create an everlasting bond with seniors. Working with a team gave us a chance to understand everyone's mind-set clearly. Deadlines in Light club actually act as alarms for our sleeping skills. Struggling to make our Google signature gave us a good idea about the importance of our signature.

Finally Google meets to rectify our mistakes we made in documentation and turns the story upside down. We once again make necessary changes and make everything proper

to the power point presentation.. but all these rectifications give wonderful perfection which eventually results in progress.

Light gave us wonderful moments to cherish, hope this journey continues ever and ever.

LiGHT Sukhmani

Today I'm here to share our experience with LiGHT. Our college has been a centre of LiGHT for the last 2 years. In these two years, we learn many things like "How an Organization is run", " Working for social causes", & "Working for Society".

The Centre incharges of LiGHT is very Co-operative, they guide us in every step of the Task. And, give a brief detail about the tasks.

We perform many tasks in these years like "Green plantation", " Career counseling of mentees with the help of Mentres", "Workshops for the Teachers of Schools' And " Quality education".

While performing these tasks, we also know the many new fields of career and learn the many educational activities for Quality education.

We all want to carry on our journey with LIGHT for a long time.

LiGHT Jaipur

Throughout this tenure, we learned and experienced more than what was expected. It began with discussing the agenda of the year. And then collecting, confirming, and compiling information for the counseling program. In January we conducted the mentor-mentee interaction sessions.

Team discussions and time-to-time assessments helped to groom us as individuals. While working we realized the role one can play in the betterment of society. The counseling program was a small initiative to guide the youngsters. Meanwhile, interaction with random people highlighted the queries encountered, social holdings, perceptions, aims, and backgrounds, which were like the major forces in deciding the direction of motion of any student. Management is the basis on which we learn with every task.

Prioritization and Utilization frame us as we are. Certainly, we all became well versed with the tools used for contacting and sharing information. Overall, it was a nice experience, working with everyone around, selflessly for others. We are happy to be a part of LiGHT.

LiGHT Gwalior

LiGHT Gwalior is one of the youngest centers established in April 2020. The center was started by the students of ITM Group of Institutions, Gwalior. Some socially motivated students of this college were running an NGO named 'Prayaas' and Shubhansh was leading it. The NGO stayed active for 6 months and was also not registered. They were having a plan without a mission. So they started seeking a platform in order to get guidance and sources for a better organization.

Later on, they came to know about LiGHT, and finally, after digging deep into the contribution that LiGHT has done to society, they decided to join LiGHT(GYWS).

After finally getting established, LiGHT Gwalior never stops growing and improving the society around them. Currently, they are actively working in LiGHT designing activities and performing various tasks.

" Everything starts with a plan. If you have it, then nobody can stop you!" This is what LiGHT Gwalior believes.

LiGHT Testimonials

As a center coordinator, I got an opportunity to lead the team, to handle the center. Being part of the LiGHT family I have learned many things. It changed my perspective on life. and I am really happy that I spent my 4 years of graduation with LiGHT . LiGHT helps me see around me, look at the unprivileged children, and help them to achieve passion for learning. It was the greatest experience that I have ever had.

Sneha Santoshkumar Khadbade
Centre Coordinator (CC), LiGHT Samvedana

I joined light gaya to learn some new skills like communication to uplift my confidence. And i think it really happen with me. The task which was given to i try my best to complete that on time which was given to me. I learned how to work as a team. I have done the 4 task with my full effort to complete them at time. I also learn how to communicate and approach with new people. My overall experience was too good and i also want to work with Light, if i got the opportunity. I will say thank you much to the light centre incharge who give me chance to work with Light.

Sonal Kumar, Core Team Member
(CTM), LiGHT Gaya

It is always exciting to be a part of any social welfare organization. LiGHT gave us opportunities to enjoy teamwork, connect us with people from entirely different backgrounds and know the underlying issues of society. Using our potential to help frame the mind set of youngsters and pondering over solutions for different Social problems, made us realize the status of our contribution as individuals to the society.

- Mitali Singh, Centre Coordinator (CC), LiGHT Jaipur

It is a very nice experience to join a student run NGO. I got various opportunities to experience various tasks like project work (on sanitation), presentation and many more. I learnt various qualities like team work, time management, technical aspects and many more. I would like to continue to work with LiGHT and would like to offer something to society.

SEEMA BHARTI

Core Team Member (CTM), LiGHT Raipur

I am glad that I became a part of the LIGHT's journey. In this journey I had learnt some management skills that includes managing group tasks and my personal tasks too. I had learnt how to approach a problem effectively to get an effective solution.

Amaravathi Bhargav Ram, Core Team Member (CTM), LiGHT Palakkad

My experience with LIGHT is very good. I Learn Many New Things Like " How to work in a Team." "How to Coordinate With Team Members". "How to Start Communication With the Unknown". "Working for Society". Members of the LIGHT are very Supportive and Cooperative.They guide us in each step of the task. I want to work and learn more with them for a long time.

Aniket verma, Core Team Member (CTM), LiGHT Sukhmani

Becoming the center coordinator of Light Chennai was an unexpected turn for me, nonetheless it was a great experience for me. Getting to experience first hand working in these great events organized by Light like the Rise program, Career counselling program, and our own event, the Queen bees seminar. I learned a lot of things from coordinating a team to approaching people for events, to organizing events and I would like to thank Light and GYWS for giving me this opportunity.

Suruthi Poornima A, Centre Coordinator (CC), LiGHT Chennai

The onboarding process that was an Interview helped me gain clarity of my choices and perspectives. After that, a couple of initiatives were taken like Career Counselling Program

wherein I was given responsibility of being the facilitator and bridge the gap between mentors and mentees and in case of Invisible Capes Visible Change, Thank you for the opportunity and hope future initiatives would be far more engaging and fulfilling.

Harshal Atmaramani, Core Team Member (CTM), LiGHT Wardha

Working for an NGO can be a challenging activity. However, it is also the most satisfying job, in terms of goals. As a part of a team, I will not only gain leadership skills, I will get a chance to employ them too. Everything depends on how well I learn to motivate people and how well you cope with pressure.

- Use cases or illustrations and examples
- Conclusion

It also had activities like PopUp Quizzes and Email Writing.

The 2nd phase included Non-verbal communication(Done by Nishanth(Lead), Kaustubh, Jeswin, Shubham) and Verbal Communication(Done by Saiful(Lead), Mihir, Samriddhi).

The verbal Communication part had the following context:

- Introduction to communication
- What is communication comprised of?
- What more goes into communicating with people?
- How do you actually improve your communication in practical life?

It also had activities like Just a minute and debate like a panel discussion which saw good participation with enthusiasm from the students.

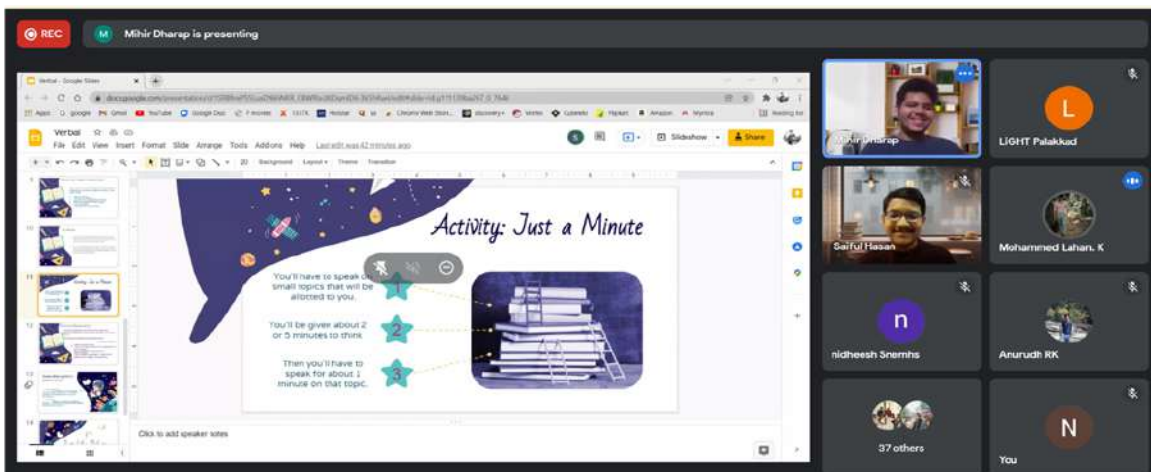

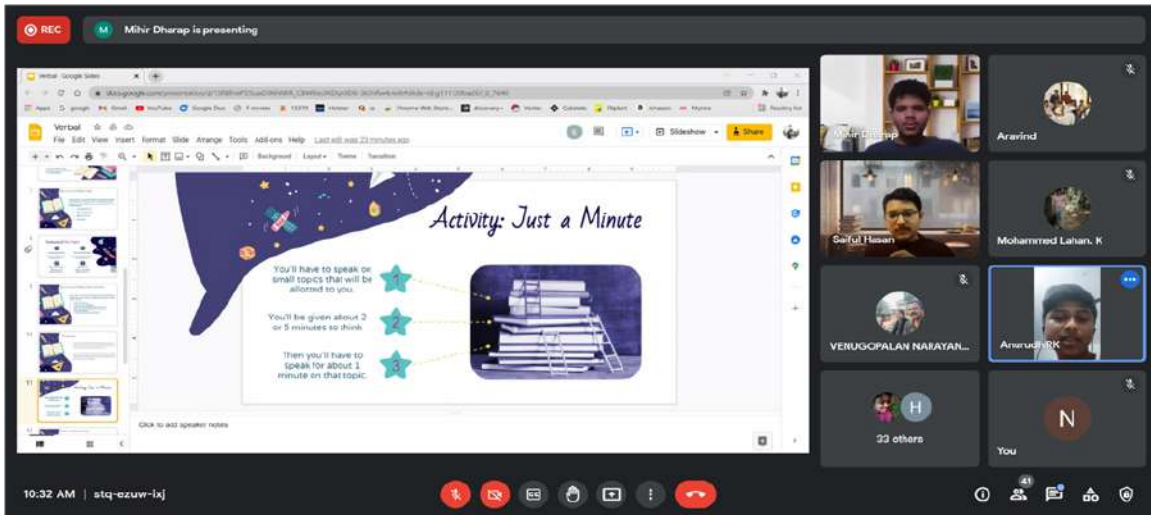

In Non-verbal communication following contexts were covered:

- Vocal Tone
- Fidgeting
- Facial expressions
- Head movements
- Hand gesture
- Body language and posture
- Physical distance

Also, there were discussions relating to nonverbal communication for video conversations, as well as the use of emotional intelligence in nonverbal communication and networking (nonverbal communication with a large number of individuals).

Additionally, we also held a competition for attendees to make the webinar more participatory by submitting a video of themselves introducing themselves. We also announced the winner and awarded a certificate.

We also collected feedback from participants for knowing our weaknesses and improving ourselves, we got quite good feedback.

RISE

Vision

We aim to **reform** our **education system** by shifting it towards an **organic learning*** approach and ensuring **holistic development** of every child.

***Organic learning** is learning that occurs in a natural state. It is learning that develops from within a child (or adult). The child develops curiosity about a topic, concept, problem, or idea, then seeks out methods to satisfy this curiosity.

OBJECTIVES

OUR APPROACH

Children grow and learn by being active and involved. They learn by playing, interacting with others and learning by doing. We aim to use these natural play and learn process of children to teach them maths in the existing curriculum for classes 1-5. Moreover, we have developed a list of 100 activities to conduct in classes Nursery to 5, which are essential for holistic and overall development of a child. We provide booklets and kits, training to teachers to help them seamlessly transform the daily classes into fun and interactive learning sessions and continuous evaluation for improvement of our methods.

Welcome to Machine Learning

When a baby learns to walk, he falls by collision with the table, next time when he finds a table in his path he changes his way. This example explains that after committing mistake for the first time the human brain learns not to repeat it. Similarly a machine learns and develops logic from historical data and gives output.

Hostel Construction

The Idea of Residential Education Program

We here at Gopali Youth Welfare Society aim to provide free of cost quality education, impart knowledge, and play a significant role in the overall development of skills for the students of Jagriti Vidya Mandir. But there are many problems that hinder our vision of imparting free of cost quality education- **poor school attendance, high dropout rate, lack of support from parents in the study** and above all that poor family condition, struggling for daily one-time food.

So, we surveyed all Jagriti Vidya Mandir students and their surroundings to properly access and analyze the situation and take appreciated action to overcome those problems. After precise scrutinization of the survey report, we have traced **major concerns that affect the progress of students:**

- (a) Lack of proper transportation and bad road conditions due to harsh climatic conditions.
- (b) They don't have anyone to help them in their studies at home, as most of them are first-generation learners.
- (c) The poor family condition keeps them busy helping their parents earn their living.
- (d) The majority being from poor/ BPL families lack a proper healthy diet which is important in their growing age.

Therefore we planned to have a Residential Education Program at the Kharagpur subdivision in Paschim Medinipur district of West Bengal in the school premises of Jagriti Vidya Mandir. In this program, we will be establishing a residential facility in the available land of a total area of 4000 sq ft. with a **capacity of 100 students** near the existing school campus which will be **catering to the educational needs of the students**. The residential hostel facility will consist of **bunk beds, a mess facility, and sports ground facilities** for the holistic development of children. Also, to ensure access to quality education teaching and learning strategies will be varying depending on the capabilities of the target children to accomplish better learning outcomes.

Construction Timeline

January 6th, 2021 - Construction of the inner walls along with cement rendering for the boarding rooms were completed.

January 10th, 2021 - The cementing of the floor of the main hall started.

January 23rd, 2021 - The walls for the mess were erected.

January 30th, 2021 - Cement rendering of the walls and the floor of the mess area was completed thus leaving only the roof to be laid and the finishing work to be done for the mess.

February 9th, 2021 - Cement rendering of the inside walls of the hostel was completed.

खड़गपुर : बच्चों के पठन – पाठन व मानसिक विकास के लिए अनिवार्य है अनुकूल परिवेश

By admin - March 8, 2021

स्थानीय सामाजिक संस्था " गोपाली यूथ वेलफेयर सोसाइटी " के तत्वावधान में जागृति विद्या मंदिर छात्रावास का हुआ उद्घाटन।

खड़गपुर : अनुकूल परिवेश के अभाव में उच्चकोटि की प्रतिभाएं भी कुम्हला जाती है। बच्चों के पठन – पाठन और मानसिक विकास के लिए अनुकूल परिवेश निर्तात आवश्यक है।

स्थानीय सामाजिक संस्था " गोपाली यूथ वेलफेयर सोसाइटी " के तत्वावधान में जागृति विद्या मंदिर छात्रावास के उद्घाटन समारोह में यह बात वक्ताओं ने कही।

इस अवसर पर उपस्थित गणमान्य व्यक्तियों में विभायक दीनेन राय , परेश मुर्मू , खड़गपुर के एसडीओ अलमल हुसैन , पीडब्ल्यूडी व परिवहन विभाग के कर्मीधर नव कुमार दास , गोपाली ग्राम पंचायत प्रधान सुभित मुर्मू , प्रो. टी. के. माईती , प्रो. दामोदर माईती , प्रो. भास्कर भीमिक , प्रो. एच. आर. तिवारी , प्रो. किशुक भट्टाचार्य , गोपाली यूथ वेलफेयर सोसाइटी मनीम बोर्ड के अध्यक्ष गृपाल कौति भंज , उपाध्यक्ष तनिष्का अशवाल तथा महासचिव डी. प्रदुमन आदि शामिल रहे।

करीब २५ लाख रुपये की लागत से निर्मित छात्रावास के औचित्य पर प्रकाश डालते हुए वक्ताओं ने कहा कि बच्चों के पठन – पाठन के क्रम में स्वयंसेवकों ने महसूस किया कि गरीब व पिछड़े पृष्ठभूमि के बच्चों को घर में पढ़ाई का अनुकूल परिवेश नहीं मिल पाता इससे मेधावी होते हुए भी वे पिछड़ जाते हैं।

इसीलिए छात्रावास की संकल्पना को साकार किया गया। यहां करीब सौ बच्चों के निश्चुत्क रहने की व्यवस्था की गई है।

Achievements

1. GYWS has been empaneled in the National CSR Hub by Tata Institute of Social Sciences.
2. We have started construction of the permanent campus of our school Jagriti Vidya Mandir and we have finished construction of 4 units.
3. Jagriti Vidya Mandir continues to grow and prosper, with around 250 students studying at the school from Nursery to Class 5.
4. Due to the pandemic constraints, we have started online classes for JVM students in 2020 and in 2021. We distributed smartphones among students who need it, this helped them to continue their studies and conduct online classes with increased attendance.
5. We have constructed a hostel consisting of a boarding room, mess and main hall for students of class 6 and above.
6. GYWS has successfully rescued 12 child laborers till now, who are all currently enrolled in local government schools.
7. The activities of GYWS are appreciated by the entire academic community of IIT Kharagpur. Praise for GYWS has come from all quarters, including alumni, professors and students.
8. GYWS took many initiatives this year which helped different sections of the community on a national level like Pan-India case-study competition Adhhyayan in January 2021, Internship program in July-August 2020 and Social fest in April 2021.
9. Most important achievement of GYWS has been harnessing the potential of IITians (cream of Indian Education system) and utilizing it in constructive work at grass root level. It raised the level of confidence and self-worth among students and is sure to take them ahead in life.
10. GYWS has successfully increased its reach over the web in recent years. Currently having 18,981 likes, on the Facebook page which is now verified. We are also on Instagram, Twitter, LinkedIn, Medium and Youtube.
11. GuideStar India, one of India's largest and most reliable NGO information repositories has recognized us and our information is available on it.
12. On an international level, GYWS can now avail support from Techsoup, a nonprofit international network of NGOs that provide technical support and technological tools to non-profits.
13. Amazon India has recognized our efforts towards good and we are now empaneled under CSR policy through their Gift a Smile program. The link to our wish list has already been put up on the website and can now be used by Amazon users to make donations to us, the link to which is <http://tinyurl.com/gyws-amazon>.
14. GYWS has stood against global pandemic Covid-19 and helped many needy people in difficult times with ration through the Food Kit Distribution program.
15. After the unfortunate cancellation of Aashayein due to pandemic in 2020, Aashayein was conducted successfully in 2021 following all the precautionary measures.
16. We have conducted Parents As Co-Educators successfully where students improved their fine motor skills and gross motor skills.

17. GYWS has started a hostel for the students of JVM in March-2021. Students will have a conducive academic environment which they lacked at their homes and will be provided all the facilities necessary for a happy and safe stay- nutritious meals, playground facilities, security.

Gratitude to Donors and Associates

The premise of the Annual Report will always seem inadequate to name the endless list of our donors, sponsors and well-wishers from various sections of the society. Our heartfelt gratitude to all those who have shouldered the responsibility with us. Our endeavour has been constantly supported by IIT Kharagpur students and alumni. In this respect we receive monetary as well as advisory help from them. We expect such continued support and encouragement in the years to come so that we can work in unison towards living our dreams. We are grateful to Tiara Foundation, Tata Institute of Social Sciences, Nehru Yuva Kendra Sangathan and 3(B) Tech Air Sqn NCC for partnering with us in our endeavours. Their support and association are our assets. We aspire for this bonding to grow and prosper in future.

You Can Help Too

We shall be glad to acknowledge any kind of support for our movement and also for various projects.

GYWS like any other non-profit organisation needs financial support from kind sponsors in order to run and extend its several services and activities.

Following are the ways in which you can support us and thus the NATION.

Educate A Child

Take the monetary responsibility of a child in our school.

There are many students studying in JVM, whose family economic condition is very poor. For such students, who cannot afford to buy even a pencil, we have a scheme called Educate A Child (EACH). Under this, anyone can come forward and help these underprivileged but bright kids to carry on their studies and brighten their future.

Make A Contribution

Regular contributions and one-time donations are welcomed.

Sponsor

Anyone willing to sponsor uniforms, books, and other class utilities can do so by funding the corresponding expenditure.

Spread The Word

Let other people know about our NGO. Inspire them to take part in this mission.

Feedback

You can always help us with your valuable suggestions and reviews.
